ENKA | TFHKA | IASK INVITES YOU TO ATTEND KINESIOLOGY AROUND THE WORLD *An International Health Event*

WELCOME FROM ENKA

Welcome to Washington D.C. and this international event, "Kinesiology Around the World"!!

The joint effort between the Energy Kinesiology Association, the International Association of Specialized Kinesiologists and the Touch for Health Kinesiology Association makes this event a very special opportunity to share our visions, our expertise, our research and our friendship.

We're all here because we believe in the work that we do and the benefit to our clients. This is a time of great change and requires, I believe, the merging of ideas and energy to create a vision of the world we want to live in.

My vision includes kinesiology (energy medicine) being an important part of medical systems worldwide, and people recognizing what kinesiology is and how it can help them. It includes respect between traditional medical professionals and complementary energy medicine professionals for their respective education, experience, research and results.

Now is the time to share our vision and enthusiasm for a future that's more inclusive and less exclusive, more cooperative and less competitive, more loving and less hating.

Thank you again for being a part of this event.
MARGE BOWEN
ENKA PRESIDENT

WELCOME FROM TFHKA

This conference is the culmination of a dream that I have shared with many leaders and volunteers in our field for 5 years or more. It's an "Olympics of Kinesiology" that includes organizations, speakers and participants from around the world to celebrate and share our common vision and purpose. In 2007 EnKA and TFHKA met in Salt Lake City, and hosted the International Kinesiology College. We met again last year in Sacramento, and now we join with our friends from IASK in a truly international gathering. We have gotten to know each other better, raised awareness, and connected our community of Kinesiology. I hope it is the beginning of a long tradition of gathering every 4 or 5 years for a "family reunion" of ALL the Kinesiologies.

In touch,
MATTHEW THIE
TFHKA PRESIDENT

WELCOME FROM IASK

Years ago on May 5, 1987, a group of kinesiologists came together with their dreams and vision for Kinesiology. Smaller than the dream of Martin Luther King in 1963, but never the less a dream, a vision.

The vision they held and put into action was to create ASK~Association of Specialized Kinesiologists. A vision of having people come together and share, and through that sharing, spread the knowledge about our wonderful tool, muscle monitoring.

In July, 1987, an "I" was added. IASK ~ International Association of Specialized Kinesiologists was created as an association for all nationalities and all modalities.

Our dream and vision today is that all kinesiologists will abandon competition, and create more healing power through mutual respect, openness and joy.

ANNEMARIE GOLDSCHMIDT
IASK PRESIDENT

JULIANNE BIEN ~ Is internationally recognized as a leader in advancing the understanding and applications of color light therapies as a holistic enhancement to lifestyle, beauty and wellness. She has a company, Spectrahue Light & Sound Inc, which is the developer of Lumalight.

ROD BRIGGS ~ He is a sought-after international lecturer and consultant whose area of expertise lays in the mind sciences. Rod was born in UK and moved to South Africa at the age of thirteen. His tertiary studies included, amongst others, Science and Theology as well as Psychology at the University of the Witwatersrand and the University of South Africa. He lectures on Stress Control, Trauma, Emotional Aptitude, and Problem Solving.

EARL COOK ~ is a pioneer in the application of the microcomputer and has practiced Touch for Health since 1976. In 1986, he was the founder of Laser Solutions, Inc. in Atlanta and works as a computer consultant, software developer and is a leader in the use of personal computers for publishing and communication of knowledge. Earl has worked with many of the technologies that have fueled the computer revolution. He has worked on many leading-edge and pilot projects for major organizations, has written over a dozen custom proprietary software applications, developed and published a multimedia CD and has developed over a dozen websites. Earl has also worked on six leading-edge healthcare projects during his career. He is the developer of the eTouch for Health, TFH eCharts and John Thie Memorial Research Database and Gateway software. Today, he continues working towards the fulfilling the dreams of Dr. John Thie.

DR. SHELDON DEAL ~ Dr. Deal is a chiropractor and Naturopath. He first became interested in Kinesiology when he met Dr. George Goodheart in 1970. He was later asked to be one of Dr. Goodheart's Study Group Leaders that was the original group physicians who later became known as the "dirty dozen." It was this group that went on to form the Nucleus of the International College of Applied Kinesiology (ICAK). Throughout his career, Sheldon has worked closely with Dr. George Goodheart and Dr. Thie. John Thie was the ICAK's founding Chairman in 1972 and served until 1976. Dr. Deal served as Chairman of the College from 1978- 1983. Today, Sheldon serves as President of the ICAK Board of Examiners and Technical Advisor to the Association of Specialized Kinesiology (ASK).

ANNEMARIE GOLDSCHMIDT ~ Initially trained as a registered nurse and relaxation therapist, Annemarie started with kinesiology in 1980. Annemarie is an IASK member since 1990. She has been a Board Member since 1993 and is currently President. Her Kinesiology Modalities are Pedagogical Kinesiology, One Brain (3 in 1 concepts) Blueprint Educating Alternatives Touch for Health, DNA, and the Brain- our best resource.

ARLENE GREEN ~ Arlene, author of the Top Ten Pain Releasers, is one of the top trainers in the field of Touch for Health Kinesiology in the U.S. She has been teaching TFH since 1981 and is known for her fun, informative and inspirational teaching style.

DEBRA GREEN ~ Debra has dedicated her life to the study and practice of subtle energies. She is the founder of Inner Clarity, which is an offshoot of Transformational Kinesiology. Her new book, *ENDLESS ENERGY: The Essential Guide to Energy Health*, has been hailed as the New Home Health Guide for the 21st century.

KATHIE GUHL ~ Kathie is the founder of Bridges Kinesiology, a private practice for children and adults, as well as founder of the Brain Wave Organization. Kathie has written fourteen unique classes for Energy Kinesiology, including the series Ethics, Not Rules. She is a graduate of The International Institute of Applied Physiology and of Three In One Concepts. Kathie is the immediate past-president of The Energy Kinesiology Association (EnKA) and is a past secretary of The International Association of Specialized Kinesiologists (IASK).

NORMA HARNACK ~ A pioneer in holistic health and an advocate for health education specializing in bridging the gap between conventional and traditional health paradigms.

SPEAKERS

ADAM LEHMAN—He is a co-founder and director of the Institute of Bioenergetics Arts and Science in Sonoma, California. He has been studying and practicing Energy Kinesiology and related healing arts for over 20 years. Adam is the Advanced Instructor and Instructor Trainer of Applied Physiology in the US and abroad.

DEE MARTIN—Dee is a Massage Therapist since 1986, and became a Touch for Health Kinesiology Instructor in 1994. She has started a workshop called Bio- Energy Oils Five Element Balance and has been teaching this to Massage Therapist, Nurses, Occupational Therapist and Acupuncturist since 2004. She has been approved for Massage Therapy Continuing Education.

NICOLETTE PEYRE—Initially trained as a Conference interpreter, came to Belgium to work as a Free-lance interpreter for the European Commission in 1989, and that same year started with Kinesiology. Became an IASK member in 1994 and has been active on the Board since 2000. Kinesiology Modalities: One Brain (3 in 1 Concepts), Touch for Health, Edu-K, Applied Physiology, SIPS, Blueprint (Educating Alternatives), Systemic Kinesiology.

CARRIE THIE—For over 40 years Carrie Thie has been a friend and mentor to Applied Kinesiology, Touch for Health and Energy Kinesiology. Though rarely stepping into the Limelight, Carrie feels that she has an important message to share with you today.

MATTHEW THIE—As a son of Dr. John & Carrie Thie, Matthew grew up with Touch for Health and Effective Communication skills as part of his everyday family system. Matthew presents TFH as a Learning process that anyone can be trained to use for on going, day-to-day optimization of life experience. His emphasis is on immediately putting the simple techniques into personal practice. Matthew co-authored TFH COMPLETE EDITION and TFH METAPHORS; He is currently 2009 TFHKA President.

HUGO TOBAR—He is the founder of “Neuroenergetic Kinesiology” and has been writing and developing courses since 1998. Hugo’s rich cultural background comes from Ecuador and Australia. Before Kinesiology he had done a variety of things including Studying Civil Engineering in Ecuador and Australia. While living three years in India he experienced Eastern Philosophies and that is where he discovered Kinesiology.

MATHILDA VAN DYK—Background in Psychology and is also a NLP Master Practitioner. Several years of research in Natural Health and Holistic Healing. With a strong desire to give Kinesiology more exposure, she developed an introduction course in Kinesiology (Healing Foundations) as well as Kinesiology workshops. Her passion lies in finding the emotional and or spiritual reasons that are behind so many physical dysfunctions.

ANDREW VERITY—Started with Applied Kinesiology 35 years ago. He has diploma’s in Naturopathy, Homeopathy, Iridology and Applied Personology. Studied Acupuncture and Chinese Medicine, Somatic Analysis, Orthobionomy and Massage. Started the IASK Association Australia and became president of IASK in 1994. He is director of Neuro-Training. Authored Government recognized Kinesiology and Solution Oriented Neuro-Training diploma’s.

MIND/BODY

Stress, depression and other psychological factors can alter our vulnerability to many diseases. Relationships between mind and health are mediated both by our behavior and by our biological connection between the brain and the immune system. These connections work in both directions, so our physical health can influence our mental state and vice versa.

■ KATHIE GUHL, ETHICS 3

ETHICS THREE: MENTOR

This is the third in a series of three workshops exploring ethics in the Energy Kinesiology field. The course will focus on the myth of Mentor, emphasizing ethics and decision-making. The workshop is interactive and includes role-playing, group discussion, case studies (both fictional and actual) and balancing. This class fulfills the Energy Kinesiology Association ethics requirements for Accreditation.

■ JULIANNE BIEN, COLOR THERAPY FOR REJUVENATION AND BEAUTY PROGRAM OVERVIEW

This workshop will inspire you to embrace color harmonics therapies for wellness and beauty personally and in your wellness center. Julianne will share the science and theory and demonstrate color light applications for mind/body treatments through reflex zones on the face, hands and body and reveal its revitalization and rejuvenation processes based on Chinese medicine and physiognomy. In bridging the science of color and its known benefits, you will broaden your awareness of this natural anti-aging modality and learn its importance to enhance inner and outer beauty.

■ MATTHEW THIE, HOLISTIC APPROACH TO “CARPAL TUNNEL” AND REPETITIVE STRESS SYNDROME

What is “Carpal Tunnel Syndrome”? Do you have it? How do you know it? In TFH we DO NOT DIAGNOSE. We will holistically assess your experience of pain and dysfunction and focus on positive improvement in Life: Stress, Attitude, Habitual Posture, Repetitive Movement, Diet, Emotions, Metaphor, etc. Using a few simple wrist function assessments/muscle-tests and touch reflexes, we will balance to relieve pain, improve function, AND Life.

JULY 15-16, 2009

July 15: 9 am-5 pm KATHIE GUHL
ETHICS I

CHIRON; THE WOUNDED HEALER

The series of three ethics workshops forms an arc titled "Ethics, Not Rules," which explores the concept of internal ethics rather than external rules and finger-pointing. In the basic ethics workshop we will explore the myth of Chiron, the Wounded Healer. We will examine our deepest ethical beliefs and how they are challenged by our own personal internal wounds. The workshop is interactive, and includes role-playing, group discussion and balancing. This is the first class in a series of three workshops addressing ethics in the Energy Kinesiology field and fulfills ethics requirements for Energy Kinesiology Association Accreditation Level 1.

July 16: 9 am-5 pm KATHIE GUHL
ETHICS 2

PERSEPHONE

This is the second in a series of three workshops exploring ethics in the Energy Kinesiology field. The course will focus on the myth of Persephone and how it outlines communication and ethical behavior by practitioners, teachers, students and clients, and the importance it has on the growth and acceptance of our discipline. The workshop is interactive, and includes role-playing, group discussion and balancing. This course fulfills the Energy Kinesiology Association ethics requirements for Accreditation Level 2.

July 16: 9 am-5 pm ADAM LEHMAN
FANFARE—HOLOGRAPHIC TOUCH FOR HEALTH

In this inspiring one day workshop, Adam Lehman will bridge the gap between Touch for Health and Applied Physiology. He will present a method that incorporates the Applied Physiology holographic model utilizing your current Touch for Health skills. You will be able to take your Touch for Health balancing into a new dimension. (8 hours CE)

July 16: 9 am-5 pm ARLENE GREEN
TOP TEN PAIN RELEASERS

The Top Ten Pain Releasers is a great introduction to the field of Touch for Health Kinesiology that will teach you the essentials of muscle testing and a wide range of highly effective hands-on skills for stress and pain relief. Techniques include auricular massage, meridian tracing, neurovascular emotional balancing, specific neuromuscular reset technique, neurolymphatic massage and the Brazilian Toe Massage. (7 CE hours)

POST CONFERENCE WORKSHOPS

JULY 21-22, 2009

July 21: 9 am-5 pm

JULIANNE BIEN

COLOR HARMONICS: FREQUENCY, GEOMETRY AND FORM COURSE

All attending will participate in this highly experiential opportunity to explore the positive influence of color harmonics with geometry as a therapy and its place within a wellness practice. This interactive experience will highlight the science, theory and practical application of color light treatments and its mind/body benefits. It will provide comprehensive interactive training as well as treatment exchanges with the Lumalight. In bridging the science of color and its known benefits, we begin to explore its further potentials with geometric amplifiers in a kinesiology practice.

BOTH DAYS

eTOUCH FOR HEALTH LEVELS 1, 2 & 3

(1/2 DAY WORKSHOPS ~ EACH LEVEL IS 4 HOURS)

eTFH level I: The Essential Basics-become more proficient with eTouch for Health. Conduct a standard TFH 14 Muscle, Goal Based, and Balance-As-You-Go Session. The dynamic Meridian Wheel and Five Elements of eTouch are introduced in the session system review.

eTFH level II: Exploring Session Options-Learn the options available in eTouch to conduct other types of balancing sessions. Create sessions using the concepts of and the One-Point Assessment Balance using over-energy detection. Practitioners will become more proficient with the tool and more effective as a TFH practitioner.

eTouch level III: Client Management & Advanced Techniques-Use eTouch as a practitioner tool and examine eTouch Priority System and Integrated and Dynamic Five Element Metaphors as the balancing technique. Submit a testing session to the online John F. Thie Memorial Research.

NOTE:-Students should arrive with eTouch software already installed and functioning on their laptops. (12 CE hours)

July 21-22: 9 am-5 pm

ROD BRIGGS

BOTH DAYS

FEAR OF CHANGE & SELF SABOTAGE

The current situation sees many people fearful of the future, behind every news report there is an agenda. This has led the media to become a "weapon of mass distraction" taking society towards a gloomy future. In actual fact we have never been better off! Our society has more information, better educational prospects and a higher standard of living than any time in the history of our species; we should be in a Golden age. What stops us is not what is going on externally, it has little to do with politics our bankers and everything to do with the way we view ourselves - with our very thinking process. We sabotage ourselves at every turn with our self images holding us back in all walks of life. The talk will explain how our beliefs restrict us, where those limiting beliefs come from, how to change them as well as where our fears originate from and how they become repetitive in our lives. It is educational, funny and empowering. Over the last two decades Rod Briggs and his Mindlink Foundation have taught peak achievers in business, world champions and Olympians from four different continents how to access their true potential and through this, to change their lives.
